ACADEMIC EXPERIENCE

Hong Kong University of Science and Technology

Department of Industrial Engineering and Decision Analytics

Associate professor 2021 - present

Assistant professor 2015 - 2021

Affiliations

Associate director, Center for Aging Science 2020 - present

Faculty associate, Li & Fung Supply Chain Institute 2024 - present

Faculty associate, the Otto Poon Center for Climate Resilience and Sustainability 2025 - present

City University of Hong Kong

Research assistant professor, Department of Decision Analytics and Operations 2014 - 2015

EDUCATION

National University of Singapore (NUS), Department of Analytics and Operations 2014
Ph.D. in Management Science

Tsinghua University, Department of Industrial Engineering 2010
M.Sc. in Management Science and Engineering

Tsinghua University, Department of Precision Instrument 2006
B.Eng. in Mechanical Engineering and Automation (with honours)

RESEARCH INTERESTS

Methodology: (Robust) Optimization, Risk Management, Machine Learning, Game Theory

Applications: Healthcare Operations, Supply Chain Management, Project Management

RESEARCH OUTPUT

Journal papers¹

- [1] Yuhan Liu*, **Jin Qi**, Hai Yang, Yili Tang. "The passenger waiting behavior with sunk waiting time: an empirical study in ride-sourcing market," accepted by *Production and Operations Management*.
- [2] Shengnan Shu*, Zhou Xu, **Jin Qi**. "Robust service network design under travel time uncertainty: Formulations and exact solutions," accepted by *INFORMS Journal on Computing*.
- [3[†]] Daniel Zhuoyu Long, **Jin Qi**, Yu Sun*, Aiqi Zhang*. "Distributionally robust group testing with correlation information," *Management Science*, articles in advance.
- [4] Hao Li*, Tianzhuang Xu*, **Jin Qi**, Ying-Ju Chen. "Analyzing network formation using big data analytics: A study of degree distribution, clustering coefficient, diameter, and assortativity," *Management Science*, articles in advance.

¹†Alphabetical order, equal contribution; *PhD student or Post-doc at the time of initiation.

- [5[†]] Hongqiao Chen, Yihua He*, **Jin Qi**, Lianmin Zhang. “Robust pricing with asymmetric distributional information in valuation,” *Production and Operations Management*, 35(5): 1901-1922, 2026.
- [6] Chi Xie*, Zheng Cui*, Daniel Zhuoyu Long, **Jin Qi**. “Distributionally robust optimization for minimizing price fluctuations in quota system,” *Transportation Research Part E*, 193, 103812, 2025.
- [7[†]] Xiaojin Fu*, **Jin Qi**, Chen Yang*, Han Ye. “Elective surgery sequencing and scheduling under uncertainty,” *Manufacturing and Service Operations Management*, 26(3): 893-910, 2024.
- [8[†]] Daniel Zhuoyu Long, **Jin Qi**, Aiqi Zhang*. “Supermodularity in two-stage distributionally robust optimization,” *Management Science*, 70(3): 1394-1409, 2024.
- [9[†]] Zheng Cui*, Daniel Zhuoyu Long, **Jin Qi**, Lianmin Zhang. “The inventory routing problem under uncertainty,” *Operations Research*, 71(1): 378-395, 2023.
- [10[†]] Xin Chen, Daniel Zhuoyu Long, **Jin Qi**. “Preservation of supermodularity in parametric optimization: Necessary and sufficient conditions on constraint structures,” *Operations Research*, 69(1): 1-12, 2021.
- [11] **Jin Qi**. “Mitigating delays and unfairness in appointment systems,” *Management Science*, 63(2): 566-583, 2017.
- [12[†]] **Jin Qi**, Melvyn Sim, Defeng Sun, Xiaoming Yuan. “Preferences for travel time under risk and ambiguity: Implications in path selection and network equilibrium,” *Transportation Research Part B*, 94: 264-284, 2016.
- [13[†]] Patrick Jaillet, **Jin Qi**, Melvyn Sim. “Routing optimization under uncertainty,” *Operations Research*, 64(1): 186-200, 2016.
- [14] Fanwen Meng, **Jin Qi**, Meilin Zhang, James Ang, Singfat Chu, Melvyn Sim. “A robust optimization model for managing elective admission in hospital,” *Operations Research*, 63(6): 1452-1467, 2015.
- [15[†]] Nicholas Hall, Daniel Zhuoyu Long, **Jin Qi**, Melvyn Sim. “Managing underperformance risk in project portfolio selection,” *Operations Research*, 63(3): 660-675, 2015.
- [16[†]] Daniel Zhuoyu Long, **Jin Qi**. “Distributionally robust discrete optimization with Entropic Value-at-Risk,” *Operations Research Letters*, 42(8): 532-538, 2014.

Conference papers

- [1] Chen Yang*, Ziqiang Zhang, Bo Cao, Zheng Cui*, Bin Hu, Tong Li, Daniel Zhuoyu Long, **Jin Qi**, Feng Wang, Ruohan Zhan. “Fragility Index: A new approach for binary classification,” Proceedings of the 29th ACM SIGKDD Conference on Knowledge Discovery and Data Mining, 2918-2929, 2023.

Media articles

- [1] **Jin Qi**. “Go with the flow to fix health woes,” The Standard (HK), March 2019.

Papers under review

- [1[†]] Zheng Cui*, Daniel Zhuoyu Long, **Jin Qi**, Chen Yang*, Ruohan Zhan. “Fragility-aware Classification for Understanding Risk and Improving Generalization,” under major revision at *Management Science*.
- [2[†]] Yue Lin*, Daniel Zhuoyu Long, Viet Anh Nguyen, **Jin Qi**. “Asymptotically optimal distributionally robust solutions through forecasting and operations decentralization,” under major revision at *Operations Research*.
- [3[†]] Nana Li*, Shumin Ma, **Jin Qi**, Xiangtong Qi. “Strategic analysis of travel restriction policies during a pandemic,” under major revision at *Manufacturing and Service Operations Management*.
- [4[†]] Guillermo Gallego, Yihua He*, Mengqian Lu, **Jin Qi**. “A cost-agnostic model for infrastructure planning in sustainable water development,” under major revision at *Naval Research Logistics*.

- [5[†]] **Jin Qi**, Yaozhong Wu, Chi Xie*. “Fairness and competition in supply chain,” under review.
- [6[†]] Nicholas Hall, Daniel Zhuoyu Long, **Jin Qi**, Yuhao Yan*. “Project monitoring and control systems,” under review.
- [7] Yu Wang, **Jin Qi**, Jiafu Tang, Yu Zhang. “Surgery scheduling under downstream ICU risks: A feature-driven robust optimization approach,” under review.
- [8[†]] **Jin Qi**, Chen Yang*. “Connecting extreme-point generation and decision rules in two-stage distributionally robust optimization,” under review.

RESEARCH GRANTS

- [1] PI: “Climate-Adaptive Healthcare Operations: Integrating Artificial Intelligence and Robust Optimization for Urban Resilience,” The Otto Poon Center for Climate Resilience and Sustainability, HKUST, HKD5,520,000, 01/05/2026-30/04/2028.
- [2] PI: “Enhancing classification robustness through satisficing framework,” General Research Fund, Hong Kong Research Grants Council, HKD999,461, 01/01/2026-31/12/2028.
- [3] PI: “Robust Optimization,” Excellent Young Scholars, National Natural Science Foundation of China, HKD2,177,480, 01/01/2025-31/12/2027.
- [4] PI: “Project monitoring and control under uncertainty,” General Research Fund, Hong Kong Research Grants Council, HKD722,455, 01/01/2025-31/12/2027.
- [5] PI: “Two-stage distributionally robust optimization with binary decisions,” General Research Fund, Hong Kong Research Grants Council, HKD799,805, 01/01/2024-31/12/2026.
- [6] PI: “Distributionally robust auction design,” General Research Fund, Hong Kong Research Grants Council, HKD739,245, 01/01/2022-30/06/2025.
- [7] PI: “Data-driven task assignment under uncertainty,” General Research Fund, Hong Kong Research Grants Council, HKD695,919, 01/01/2020-31/12/2022.
- [8] PI: “Improving healthcare delivery service in Hong Kong,” Seed Fund Program, Office of the Vice-President for Research and Development, Hong Kong University of Science and Technology, HKD200,000, 01/06/2019-31/05/2022.
- [9] PI: “Dynamic appointment scheduling with waiting time targets,” General Research Fund, Hong Kong Research Grants Council, HKD632,421, 01/01/2019-31/12/2021.
- [10] PI: “Distributionally robust and risk-averse inventory routing under demand uncertainty,” General Research Fund, Hong Kong Research Grants Council, HKD582,000, 01/01/2018-31/12/2020.
- [11] PI: “Data-driven operating room scheduling in public hospitals,” Early Career Scheme, Hong Kong Research Grants Council, HKD456,050, 01/01/2017-30/06/2020.
- [12] PI: “Can fairness survive in competition in supply chain?” School-based Initiatives, Hong Kong University of Science and Technology, HKD100,000, 30/06/2016-30/06/2021.
- [13] PI: Start-up Fund, Hong Kong University of Science and Technology, HKD1,000,000, 31/08/2015-31/12/2023.
- [14] Co-PI (Project Coordinator: Yanhui Wu): “Algorithmic bias, economic efficiency, and social welfare,” Collaborative Research Fund, Hong Kong Research Grants Council, HKD3,000,000, 15/06/2025-14/06/2028.
- [15] Co-PI (Project Coordinator: Jiheng Zhang): “Enhancing Hong Kong’s role in sustainable supply chain finance via technology transformation,” RGC Theme-based Research Scheme, HKD61,191,000, 2024-2029.
- [16] Co-PI (Project Coordinator: Mengqian Lu): “Robust infrastructure planning for sustainable water development in the Greater Bay Area under demand uncertainty and climate variability,” Collaborative Research Fund, Hong Kong Research Grants Council, HKD6,909,310, 2022-2024.

- [17] Co-PI (Project Coordinator: Xiangtong Qi): “Mitigation strategies and operations in confronting novel infectious disease,” Collaborative Research Fund, Hong Kong Research Grants Council, HKD3,902,764, 01/01/2021-31/12/2024.
- [18] Co-I (Principal Investigator: Qian Liu): “Assortment and pricing optimization with customer-centric fairness,” General Research Fund, Hong Kong Research Grants Council, HKD490,000, 2025-2027.
- [19] Co-I (Principal Investigator: Daniel Zhuoyu Long): “The role of supermodularity in robust optimization: Theory and its application in supply chain management,” General Program, National Natural Science Foundation of China, RMB490,000, 01/01/2020-31/12/2023.
- [20] Collaborator (Principal Investigator: Frank Youhua Chen): “Delivering 21st century healthcare in Hong Kong – Building a quality-and-efficiency driven system,” Theme-Based Research Project, Hong Kong Research Grants Council, HKD20,450,000, 01/11/2014-31/10/2019.

INDUSTRY COLLABORATIONS

- [1] Machine learning from multiple ECGs for diagnosis of myocardial infarction, with Tseung Kwan O Hospital, 2025-present.
- [2] Optimization of appointment policy in rheumatology service using artificial intelligence, with Kowloon East Cluster, 2024-present.
- [3] AI-driven Operating Theatre management system: From bottleneck identification to operations improvement and software development, with United Christian Hospital, 2024-present.
- [4] Smart healthcare staffing orchestrator: AI roster design and optimization, with Tseung Kwan O Hospital & Haven of Hope Hospital, 2024-present.
- [5] Accessible ride to care: Enhancing non-emergency ambulance coordination and timeliness, with United Christian Hospital, 2024-present.
- [6] Treatment process flow improvement, with Haven of Hope - The Chinese University of Hong Kong Chinese Medicine Clinic cum Training and Research Centre, 2019-2020.
- [7] Integrated home care delivery for elderly people, with Haven of Hope Christian Service, 2019.
- [8] Review of patient transport service for Hospital Authority, with Hospital Authority, 2018.
- [9] Dynamic scheduling in outpatient clinics, with Ambulatory Care Center in Queen Elizabeth Hospital, 2015.

HONORS AND AWARDS

- Finalist, POMS College of Healthcare Operations Management Best Paper Award, 2026
- Honoree, HKUST Faculty Recognition Ceremony, 2025
- Gold Medals with Congratulations of the Jury (Gold +), 50th International Exhibition of Inventions Geneva (IEIG), 2025
- POMS-HK Meritorious Service Award, 2025
- Excellent Young Scholars, NSFC, 2024
- MSOM Meritorious Service Award, 2023
- First Prize, CSAMSE Best Paper Award, 2022
- Finalist, MSOM Best Operations Management Paper in Operations Research, 2021
- Second Place in POMS-HK Best Student Paper Competition, Hong Kong, 2014, 2020
- President’s Graduate Fellowship, National University of Singapore, 2012
- Outstanding Graduate, Tsinghua University, July 2006
- Outstanding Student Leader, Tsinghua University, June 2006
- First Prize, National Mathematics Olympiad, China, 2002

TEACHING EXPERIENCE

Hong Kong University of Science and Technology

- GH2506 Emerging Technologies for Global Health (part 3), Spring 2026
- IEDA3230 Engineering Economics and Accounting, 2022-2026
- IEDA3010 Prescriptive Analytics, 2018-2026
- EEMT5510 Engineering Economics and Cost Management, 2021-2026
- IEDA3901 Transportation Systems, 2016-2019, 2021-2022
- IELM2410 Logistics and Freight Transportation Operations, 2017

City University of Hong Kong

- CB2201 Operations Management, 2015
- MS4101 Decision Making under Uncertainty, 2015

POSTGRADUATE STUDENTS

Graduates

- Yihua He (PhD, primary advisor, co-advised with Qian Liu) 2021-2026
Current position: Assistant Professor at Shanghai University of Finance and Economics
- Chen Yang (PhD, Hong Kong PhD Fellowship) 2020-2025
Current position: Assistant Professor at Zhejiang University
- Yuhan Liu (PhD, co-advised with Hai Yang) 2021-2025
Current position: Post-doc at HKUST
- Jun Wang (PhD, co-advised with Hai Yang) 2021-2025
Current position: Lecturer at Zhejiang Wanli University
- Nana Li (PhD, primary advisor, co-advised with Xiangtong Qi) 2020-2023
Current position: Researcher at the Chinese Academy of Sciences
- Guodong He (PhD, co-advised with Qian Liu) 2019-2023
Current position: Algorithm engineer at Huawei Technologies Co., Ltd.
- Xiaojin Fu (PhD, primary advisor, co-advised with Ying-Ju Chen) 2017-2020
Current position: Researcher at Huawei Noah's Ark Lab
- Hao Li (PhD, primary advisor, co-advised with Ying-Ju Chen) 2016-2019
Current position: Assistant Professor at the University of Science and Technology of China
- Ho Tak Tseung (PhD, co-advised with Ho-yin Mak and Ying-Ju Chen) 2014-2017
Current position: Lecturer at the Hong Kong Polytechnic University
- MPhil students
Lingyi Pan (2017-2019), Wing Hei Sum (2019-2021), Ho Yin Wan (2021-2023), Yuhao Yan (2022-2024), Anh Quan Nguyen (2023-2025)

Post-doctoral fellows

- Danni Xu 2026-present
- Yuhan Liu 2025-present
- Zheng Cui 2020-2021
Current position: Assistant Professor at Zhejiang University, Excellent Young Scholars (overseas)
- Yang Zhan 2019-2020
Current position: Assistant Professor at Nanjing University

Current students

- Zhuogen Wu (PhD student) 2026-present
- Yuxin Hong (PhD student) 2026-present

- Kaiwen Lin (PhD student) 2026-present
- Anh Quan Nguyen (PhD student) 2025-present
- Yuhao Yan (PhD student) 2024-present
- Tong Lu (PhD student, Hong Kong PhD Fellowship) 2022-present
- Xinyi Zhang (MPhil student) 2025-present
- Anjun Zhang (MPhil student) 2025-present

Thesis committee member

- PhD:
 - 2026: Chenyin Gong (ISOM), Xinyi Zhou (ISOM), Baichen Yang (CSE)
 - 2025: Yushu Zeng (IEDA), Yu Long (IEDA), Zhiya Su (CIVL), Hongxing Ding (CIVL), Yang Liu (CIVL), Liutao Yang (PolyU), Guojun Zhang (PolyU), Kaihuang Chen (PolyU), Ling Dai (CityU)
 - 2024: Xueping Gong (IEDA), Faizan Ahmad KASHMIRI (CIVL), Meng Xu (CIVL), Fengjie Liang (PolyU)
 - 2023: Manzi Li (CIVL)
 - 2022: Jiatao He (IEDA), Qiuyi Yan (IEDA), Rui Xiong (CIVL), Shengnan Shu (PolyU)
 - 2021: Yan Zhu (IEDA), Ashraf Uz Zaman PATWARY (CIVL), Shuling Wang (CIVL)
 - 2016-2020: Gege Jiang (CIVL), Lubing Li (CIVL), Jindae Kim (CSE), Ke Zhang (IEDA), Longwei Cheng (IEDA), Yifu Li (IEDA), Shuyang Zhang (CIVL), Lu Li (CIVL), Xue Kai Cen (CIVL), Ka Fai Ng (CIVL), Yu Xiao (CIVL), Fangni Zhang (CIVL), Yu Wang (IEDA), Haohong Lin (IEDA)
- MPhil:
 - Ya-Cheng Hsu (IEDA, 2024), Tianzhuang Xu (IEDA, 2024), Tong Xie (IEDA, 2022), Cong Bai (CIVL, 2018), Chang Dong (IEDA, 2016), Mengke Tian (IEDA, 2016)

INVITED PRESENTATIONS

Keynote speeches/Distinguished lectures/Panels

- Fragility-aware Classification for Understanding Risk and Improving Generalization, the 4th annual conference on Engineering Management, 2026
- Panelist, Female Scholar Luncheon, the Chinese Scholars Association for Management Science and Engineering, 2026
- Distributionally robust group testing with correlation information, International Conference on Service Systems and Service Management (ICSSSM), 2025
- Distributionally robust optimization, International Summer Schools, Dalian University of Technology, 2025
- Distributionally robust group testing with correlation information, Workshop on Robust Optimization Methods and Applications, The Chinese University of Hong Kong (Shenzhen), 2025
- Elective surgery scheduling under uncertainty, Workshop on Service and Healthcare Operations, The Chinese University of Hong Kong (Shenzhen), 2018
- Inventory routing problem under uncertainty, Workshop on Distributionally Robust Optimization, Banff, Canada, 2018
- Inventory routing problem under uncertainty, Forum of Young Scholars in Management Science, Haikou, China, 2017

Invited presentations

- Shanghai University, 2026
- The University of Science and Technology of China, 2025
- Dongbei University of Finance and Economics, 2025
- Dalian University of Technology, 2025
- University of Chinese Academy of Sciences, 2024
- Beijing Institute of Technology, 2024

- POMS-China Conference, 2023, 2025
- INFORMS Annual Meeting, 2016, 2017, 2018, 2019, 2022, 2023, 2024
- POMS-HK International Conference, 2016 - 2025
- International Annual Conference of the Chinese Scholars Association for Management Science and Engineering (CSAMSE), 2019, 2020, 2023, 2024
- MSOM International Conference, 2019
- INFORMS International Conference, 2016
- Peking University, 2016
- Tsinghua University, 2016
- The Chinese University of Hong Kong, 2015

PROFESSIONAL SERVICES

Editorial advisory board

- Transportation Research Part E

Conference/Society

- Cluster Chair, the 1st ASCI International Conference, Hong Kong, 01/2027 (scheduled)
- Program Chair, the 14th POMS-HK International Conference, Hong Kong, 01/2024
- Secretary, POMS-HK Chapter, 2023-2025
- Member of the Executive Committee, Operations Research Society of Hong Kong, 2022-present
- Organizer, the International Mathematical Modeling Challenge, 2025

Judge

- INFORMS Junior Faculty Interest Group (JFIG) paper competition, 2024-2025
- INFORMS George Nicholson student paper competition, 2025-2026
- POMS-HK best student paper competition, 2018-2021, 2023
- CSAMSE best paper competition, 2021
- International Mathematical Modeling Challenge, 2025

Ad hoc reviewer

- Management Science, Operations Research, Manufacturing and Service Operations Management, Production and Operations Management, INFORMS Journal on Computing, Naval Research Logistics, Transportation Science, Transportation Research Part B, IIE Transactions, European Journal of Operational Research, Transportation Research Part E, Computers and Operations Research, Health Care Management Science, Annals of Operations Research, Asia-Pacific Journal of Operational Research

Professional association memberships

- Institute for Operations Research and the Management Sciences (INFORMS)
- Manufacturing and Service Operations Management Society (MSOM)
- Production and Operations Management Society (POMS)
- Society for Industrial and Applied Mathematics (SIAM)

Grant reviewer

- Research Grants Council, (strategic) Public policy scheme, Hong Kong
- National Natural Science Foundation of China, general program

UNIVERSITY SERVICES

Department

- UG Coordinator (01/2022 - 01/2025)

- Member, IEDA UG Committee (2016 - present)
- Member, IEDA Search and Appointments Committee (2023 - present)
- Member, IEDA Teaching Faculty Appointments Committee (2023 - present)
- Member, IEDA Substantiation and Promotion (for AP to Asso) Committee (2024 - present)
- Supervisor for CILTHK Student Day (Championship, 2018, 2024; 1st Runner-up, 2021; 2nd Runner-up, 2017; Merit award, 2016, 2019, 2022)

School

- SENG Committee for recommending Asst/Asso P for Engineering Education (2021-2028)
- Engineering UG student advisor, 2016-present
- Interviewer, Engineering Exploration Day, 2016-present
- Interviewer, graduate speaker selection for SENG's Congregation, 2016, 2019
- Interviewer, mainland recruitment (JEE Cohort Interview), 2017
- Junior faculty representative for UGC visit, 2017

University

- Associate director, Center for Aging Science (2020-present)
- Member, Human and Artefacts Research Ethics Committee (2023-2027)
